VI. Weekly Report:

Week Ahead Announcements and Actions

On November 6, BLM Acting Director Mike Nedd will attend the National Mining Association/BLM Sustainable Development Awards in Washington, DC. The awards are presented by the BLM to recipients in the hardrock mining industry that demonstrate high quality examples of responsible mineral resource development. The awards recognize work in the areas of sustainable development: environmental health, social responsibility, and economic security.

On November 7, BLM will participate in the National Fish and Wildlife Foundation Board of Directors meeting in Washington, D.C. The meeting provides an opportunity for the BLM to interact with NFWF's Board and staff and to learn more about the conservation programs supported with the annual \$3 million appropriation. It will focus on conservation programs and include a review of the \$861,000 in BLM-NFWF funds being recommended for obligation to conservation projects. BLM Legislative Specialist Kim Finch will attend.

On November 8, the Department of Justice will host an evidence review of the Erskine Fire at the BLM-CA Bakersfield Office. Attorneys from DOJ, DOI, California Department of Fish and Wildlife, and private individuals will attend. The Erskine Fire was one of the largest fires of the 2016 California wildfire season, burning more than 46,690 acres of BLM-managed public lands, U.S. Forest Service-managed public lands, and private lands. The fire destroyed about 300 homes and outbuildings. Two local residents died in the fire and three firefighters were injured.

30 - 60 Day Look-Ahead

On November 16, Acting ASLM Kate MacGregor will deliver the keynote address at the Grand Junction Petroleum and Mining Club's monthly meeting in Grand Junction, CO. Entitled *DOIs Role in Energy Dominance*, her remarks will focus on the Administration's energy-related priorities, including efforts to streamline the environmental review and permitting processes, reduce regulatory burdens on energy development, and boost rural economies through job creation in the energy industry.

On December 1 - 2, Acting BLM Director, Michael Nedd will attend the Western Governors' Association Annual Meeting in Phoenix, AZ.

On December 6, BLM-AK will hold an oil and gas lease sale for 900 tracts covering 10.3 million acres in the NPR-A. This lease sale, the 13th since 1999, will be the first NPR-A oil and gas lease sale to occur via livestream video. This is the first time that all available tracts will be offered for lease, which is a potential source of controversy. Further controversy is expected if BLM-AK modifies the Integrated Activity Plan prior to the sale. Bidding is expected to be moderate.

On December 7, BLM-NM will hold an oil and gas lease sale for 7 parcels totaling 2,104 acres in Eddy and Lea Counties. The sale is expected to be controversial and is likely to be protested by environmental groups concerned with the potential impacts of hydraulic fracturing on air and water quality. The bidding is expected to be robust.

On December 7, BLM-CO will hold an oil and gas lease sale for 10 parcels totaling 1,227 acres in Garfield and Mesa counties. The sale will likely be controversial due to recent media coverage regarding leasing in the Grand Junction area overlapping with potential solar sites. Bidding is expecting to be robust.

On December 7, BLM Senior Advisor Kathy Benedetto will give the keynote address at the Public Lands session during the American Exploration and Mining Association Conference in Reno, NV. President Trump's recent regulatory reform and public lands Executive Orders and Interior Secretary Zinke's Secretarial Orders hold great promise in reducing some of the impediments to mineral exploration and development on the Nation's public lands. This session will focus on opportunities for the mining industry to work with the Trump administration to capitalize upon these Executive and Secretarial Orders.

On December 12, BLM-NV will hold an online oil and gas sale for 208 parcels, totaling 388,959.402 acres in White Pine, Lincoln and Nye Counties. At this time, the potential for controversy and bidding interest is unknown.

On December 14, BLM-AK will attend the annual Western Arctic Caribou Herd working group annual meeting in Anchorage to seek public input on the Ambler Road project. BLM-AK Planning and Environmental Specialist Laurie Thorpe and Central Yukon Field Manager Tim Lamar will host the meeting, with support from third-party NEPA contractor HDR.

On December 14, BLM-Eastern States will hold an oil and gas lease sale for seven parcels, totaling 1,185 acres in OH and LA. The sale will include five parcels totaling 350.06 acres in the Wayne National Forest, Monroe County, OH; and two parcels totaling 834.70 acres in the Kisatchie National Forest, Natchitoches and Winn Parishes, LA. The parcels being offered in the Wayne National Forest are expected to be controversial given that several environmental groups are attempting to prohibit hydraulic fracturing in the area. At this time, likely bidding interest is unknown.

On December 14, BLM-UT will hold an oil and gas lease sale for 75 parcels, totaling 94,000 acres in Duchesne, Uintah and Emery counties. The sale is expected to be controversial due to the nomination of parcels near Dinosaur National Monument. Two of the three parcels nominated by industry for consideration near the boundary of the Monument have been deferred pending consultation with the NPS. The remaining parcel contains both BLM-managed and split estate land, with a small portion in view of the monument. The BLM, however, has applied stipulations for light and noise pollution, and to minimize impacts to air quality and the scenic view shed. Bidding is expected to be robust.

On December 14, BLM-WY will hold an oil and gas lease sale for 45 parcels, totaling 72,843 acres in Laramie, Sweetwater, Uinta and Lincoln counties. The sale is not anticipated to be controversial. Bidding is not expected to be robust.

During December (date TBD), BLM-CA's Bakersfield Field Office will participate in the U.S. Forest Service's public meeting in Fillmore, CA regarding four Applications for Permit to Drill in the Sespe Oilfield. The Forest Service is the lead Federal agency for the preparation of the environmental analysis under the National Environmental Policy Act. BLM anticipates that the public will have a negative reaction to these proposed wells because constituents in some of the counties have historically opposed oil and gas development. Additionally, there are several active anti-oil and gas organizations in these counties. BLM Bakersfield Assistant Field Manager for Minerals John Hodge and Petroleum Engineer Jeff Prude will attend.
